

PRESS RELEASE

PT TRANSKON JAYA TBK RECORDED AN INCREASE IN CONTRACT VALUE IN 202

Balikpapan, 24 Februari 2022 PT Transkon Jaya Tbk recorded the acquisition of contracts worth more than 582 billion Rupiah throughout 2021, an increase from the previous year. Although Indonesia is still shrouded in the COVID-19 outbreak, which has an impact on the performance of the business world in Indonesia, PT Transkon Jaya Tbk continues to record an increase in revenue every year.

The company's brilliant performance in 2021 is a form of the company's successful strategy in the midst of increasingly competitive similar industries. In the first semester of 2021, PT Transkon Jaya Tbk succeeded in carrying out several expansions in the expansion of operational area coverage in the Eastern Indonesia Region including on Sulawesi Island and the Maluku Islands, then expansion of adding new target markets in the infrastructure sector where this business line is a new thing in the business portfolio. a company that has focused on the mining industry. Not only focusing on business expansion and marketing, the company also focused on increasing the capacity and quality of products and services that the company realized through the achievement of the ISO 9001:2015 certificate on quality management in order to realize the company's commitment to service and product quality for customers, then the company also carried out the addition of 100 units of vehicles as stock inventory in order to meet customer rental requests in a timely manner.

Continuing to focus on improvement and progress, in 2022 PT Transkon Jaya Tbk has also prepared various strategies and business breakthroughs for the progress and development of the company and is optimistic that the acquisition of contracts will be higher than in 2021. Several business plans have also been successfully realized even though they are only recently launched. early 2022, including the opening of a representative office in Makassar which is a follow-up to the company's seriousness in the expansion of the Eastern Indonesia Region and the addition of operational area coverage at several points on the island of Kalimantan. Then some that are planned to be realized in the first semester of 2022 include the establishment of two subsidiary companies, and ISO 14001 (Environmental Management System) and ISO 45001 (Occupational Health and Safety Management) certifications.
